

OPS Camp Out September 10-13, 2020

Eureka Springs, AR.

A big Thank You to Leonard and Peggy for hosting the Sept. camp out. We had a great group with 2 member couples attending for the first time and 2 guest couples that joined this weekend. Welcome Terry & Rita Arndt, Bill & Pam Doyle, Dave & Beverly Helms, and Bill & Gale Kennerly - all will make great additions to our OPS Family!

Several of us arrived a couple of days early, so on Thursday a group of us, including new members Terry and Rita Arndt, took to the road to explore. Thorncrown Chapel was our first stop.

There is something so serene when you're sitting in a beautiful chapel with so much glass, surrounded by God's nature. After enjoying the peacefulness of the chapel, it was time to move on to our next site of

amazing architecture, the beaver dam.

The whistle blows to warn people in the area the flood gates are opening.

A childhood memory of Terry's brings us to our next stop, Lake Leatherwood, where he remembered the very large lily pads. I have

never seen such large lily pads before, have you? Love those side roads that take you to places you wouldn't have normally gone. This one led us

to Big Foot. Our last stop of the day brought us to St. Elizabeth Catholic Church.

After a great day of getting to know new friends and touring the area, it's time to meet up with old and new OPS members with appetizer's in the club house.

With our bellies full, some go back to their RV's and some visit or play games in the club house.

Friday is a free day to explore more of the area. Hope everyone made fun memories on that day! Friday night dinner is a BBQ potluck.

Everyone brought their own

meat (a big thank you to Bob for manning the grill) and a favorite dish to share.

There is never a shortage of great food – check out the colorful tablecloths! 😊

Intrigue Theater is the evening entertainment, with Illusionists Sean-Paul and Juliana Fay. The magic and mystery is incredible!

Saturday morning Larry and Billie helped to create a great breakfast with their eggs in a bag - omelets made easy with all the fixings.

After breakfast and our meeting, we were able to shop, go on tours or just visit.

Some of us got together for dinner at the local Mexican Restaurant to end our day. See you in October!
